

# What Parent's & Co-workers Are Saying.....

Ms. Robyn is an amazing teacher! Her background and skill set, as well as her kindness, patience and thoughtfulness are a perfect combination that allows her to enable children to learn and grow in a fun and engaging way.

My daughter Julia (and I) were very fortunate to have had the pleasure of Ms. Robyn's teaching expertise for over 2 years at Anne Arundel Community College's Child Development Center. When I came to pick up Julia at the end of my workday I knew if Ms. Robyn was there it would be difficult to get Julia to leave. "Mom, just one more time. Please!" are the words that would often come from my daughter. Of course, it was hard to resist and in most cases I found myself joining in the fun and very happy that I did.

The time and experiences my daughter Julia had with Ms. Robyn prepared her for a very easy transition into Kindergarten. Julia is now in 1st grade and still fondly speaks about Ms. Robyn.

Thank you so much Ms. Robyn. We miss you!

Jessica Veseskis

Ms. Robyn has been a positive and productive influence on our son's development for the past two years. She regularly finds creative and interesting ways to get the kids engaged. They often are having so much fun, they don't even realize that they are learning.

Our son has difficulty opening up in new situations and participating in ways that put him in the spotlight. Ms. Robyn's caring and loving attitude towards all children enabled our son to feel comfortable and become an active participant in the classroom. Ms. Robyn's genuine warmth and patience with children are only two of her many attributes that make her a standout teacher.

Dianne and Justin Jones

Maryland

Robyn worked at the Anne Arundel Community College Child Development Center. Her genuine love for children and passion for her work with the three to five year olds, was evident in all that she did. She was engaging and creative which was important for our children. Her training and talent in the arts was a bonus for our program. She introduced the children to various music genre as well as dance, yoga and other movement activities.

Our families and children loved her! As an employee, she was reliable, conscientious, and responsible.

Robyn is fortunate to start her own business (Best Foot Forward) which I know has been a goal for her. I am confident this will be a successful business with her involvement, positive attitude and many other talents.
